

Rahma Ahmed

Front End Developer

Cairo, Egypt | rahmaag008@gmail.com | +201013035130 | linkedin.com/in/rahma-ahmed-29955a278 | github.com/RahmaAhmed12

PROFESSIONAL SUMMARY

Front-End Developer with 1+ year of professional experience developing responsive web applications and interactive dashboards. Skilled in React.js, Next.js, Angular, JavaScript, TypeScript, HTML5, and CSS3. Experienced in developing reusable UI components, interactive dashboards, and responsive user interfaces for desktop, tablet, and mobile devices. Focused on writing clean, maintainable code and delivering user-friendly web applications.

WORK EXPERIENCE

Front-End Developer ESC Tech Hub, Egypt

August 2025 – Present

- Developed and maintained responsive web applications using Angular, React.js, Next.js, TypeScript, and modern frontend technologies.
- Worked on multiple company projects, including Passport Website, Service App Dashboard, Aman Landing Page, ESC Landing Page, and ARCORP Website.
- Developed 4 React/Next.js projects and 1 Angular project, implementing reusable UI components and responsive layouts.
- Built responsive interfaces for desktop, tablet, and mobile devices with a focus on usability, consistency, and maintainability.
- Integrated REST APIs to retrieve and display dynamic application data and support frontend application workflows.
- Implemented form validation and frontend data handling using Zod and TypeScript.
- Used Shadcn/UI to build reusable and consistent interface components for administrative dashboards.
- Implemented bilingual functionality using i18n for Arabic and English content.
